Course Overview

During the past several years, ESG has gained plenty of prominence throughout the corporate world as a growing number of organisations have started embracing its three pillars and setting up programmes targeting issues such as climate change, diversity, equity and inclusion, employee benefits, executive bonus structures, and more. Pressure from stakeholders, the upcoming generation of professionals and consumers, and society at large have made it a crucial part of any organisation®s strategy to look after their activities and performance in these areas. In many cases, these organisations® growth, stability, and continuity as businesses are at stake. As part of this programme, you will pick up the ins and outs of ESG from a compliance and reporting perspective and be better prepared to help your organisation develop a sound, effective, and long-term strategy to tackle all ESG issues.

About This Course

During the past several years, ESG has gained plenty of prominence throughout the corporate world as a growing number of organisations have started embracing its three pillars and setting up programmes targeting issues such as climate change, diversity, equity and inclusion, employee benefits, executive bonus structures, and more. Pressure from stakeholders, the upcoming generation of professionals and consumers, and society at large have made it a crucial part of any organisation®s strategy to look after their activities and performance in these areas. In many cases, these organisations® growth, stability, and continuity as businesses are at stake. As part of this programme, you will pick up the ins and outs of ESG from a compliance and reporting perspective and be better prepared to help your organisation develop a sound, effective, and long-term strategy to tackle all ESG issues.

Who Should Attend

This course is ideal for anyone wishing to be introduced to ESG and the different compliance and reporting obligations that this sector might entail moving forward. Professionals carrying out the roles of directors, members of the Board, senior managers, lawyers, company secretaries, compliance and risk officers, and consultants may benefit from this course. No previous knowledge or experience is required, although it is assumed that participants have good knowledge of English and a sound educational background.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

Here®s what you can expect to achieve following the completion of this ESG Certificate:

- Define the three ESG pillars®Environment, Social and Governance.
- Identify the importance of ESG and CSR programmes to an organisation®s corporate governance practices.
- Understand the main concepts behind Green Finance and how responsible banking, investment, and insurance work within this framework.
- Describe the objectives and main tenets of the many global initiatives set up to encourage policies that will contribute to the growth and advancement of ESG issues.
- Study the main ESG reporting standards and frameworks so that your organisation is better prepared to fulfil its reporting requirements under each.
- Understand the main concepts behind ESG investing.
