About This Course

This course is aimed for experienced practitioners who desire a clear understanding of Strategic Business Analysis, who would like to understand what comprises this work, and the objectives for performing it.

Who Should Attend

Executives, Project Managers, Business Analysts, Business and IT stakeholders working with business analysts

Learning Outcomes

Upon successful completion of this course, participants will be able to:

Learn about the components of Strategic Business Analysis. Understand the importance of defining the business need correctly and pursuing a thorough analysis of the internal and external environments of the enterprise before choosing the solution. Shortcutting the pre-analysis work discussed in this course often results in delivering solutions that are misaligned to the enterprise strategy and to the expectations and needs of the business. Learn how to avoid the pitfall of jumping to a solution prior to a solid understanding of the opportunity or problem needing to be addressed.
