Build Effective Dashboards with Cisco AppDynamics

Category: AI, Data & Analytics | **Vendor:** Cisco

Duration: 8.00 hours (1 days) **6.5 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

The Build Effective Dashboards with Cisco AppDynamics (PRO520) training will teach you the common dashboard design types and styles as a foundation for designing dashboards in Cisco AppDynamics. You will collect requirements, produce wireframes, and configure dashboards to visualize data for monitoring ease and impact. You will add and configure widgets and data for Custom Dashboards as well as Dash Studio and learn dashboard management functions such as import/export and controlling user access.

How You'll Benefit

This training will help you:

- Design and develop Cisco AppDynamics dashboards to meet the requirements of specific audiences
- Gain leading-edge skills for high-demand responsibilities in the cloud computing industry

About This Course

The Build Effective Dashboards with Cisco AppDynamics (PRO520) training will teach you the common dashboard design types and styles as a foundation for designing dashboards in Cisco AppDynamics. You will collect requirements, produce wireframes, and configure dashboards to visualize data for monitoring ease and impact. You will add and configure widgets and data for Custom Dashboards as well as Dash Studio and learn dashboard management functions such as import/export and controlling user access.

How You'll Benefit

This training will help you:

- Design and develop Cisco AppDynamics dashboards to meet the requirements of specific audiences
