Category: AI, Data & Analytics | **Vendor:** CompTIA

Duration: 8.00 hours (1 days) **6.5 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format:	Instructor Led - Online
Certification:	CompTIA AI Essentials
Related Exam:	AIO-001

Course Overview

Nearly 77% of businesses are already using or exploring artificial intelligence, yet many professionals still feel uncertain about how to engage with it. The CompTIA AI Essentials course helps you build the confidence to use AI tools effectively, boosting productivity, enhancing communication, and making smarter decisions while understanding the ethical considerations that come with this rapidly evolving field. Delivered in a 1-day, instructor-led format, the course covers AI concepts, generative AI tools, prompt engineering, and responsible use through CompTIA’s proven learning model of instruction, practice, and feedback. With hands-on activities and free retakes, you’ll walk away ready to embrace AI as a trusted collaborator in your work.

About This Course

Nearly 77% of businesses are already using or exploring artificial intelligence, yet many professionals still feel uncertain about how to engage with it. The CompTIA AI Essentials course helps you build the confidence to use AI tools effectively, boosting productivity, enhancing communication, and making smarter decisions while understanding the ethical considerations that come with this rapidly evolving field.
