Detailed Course Outline

Understanding Application Security, Threats, and Attacks, Understanding Application Security, Threats, and Attacks, Understanding Application Security, Threats, and Attacks, Security Requirements Gathering, Security Requirements Gathering, Security Requirements Gathering, Secure Application Design and Architecture, Secure Application Design and Architecture, Secure Application Design and Architecture, Secure Coding Practices for Input Validation, Secure Coding Practices for Input Validation, Secure Coding Practices for Input Validation, Secure Coding Practices for Error Handling, Secure Coding Practices for Error Handling, Secure Coding Practices for Error Handling, Secure Coding Practices for Session Management, Secure Coding Practices for Session Management, Secure Coding Practices for Session Management, Static and Dynamic Application Security Testing (SAST & DAST), Static and Dynamic Application Security Testing (SAST & DAST), Static and Dynamic Application Security Testing (SAST & DAST), Secure Coding Practices for Cryptography, Secure Coding Practices for Cryptography, Secure Coding Practices for Cryptography, Secure Coding Practices for Authentication and Authorization, Secure Coding Practices for Authentication and Authorization, Secure Coding Practices for Authentication and Authorization, Secure Deployment and Maintenance, Secure Deployment and Maintenance, Secure Deployment and Maintenance

□□ Certification Path

Certified Application Security Engineer – Java (CASE)

Exam: CASE-Java

Frequently Asked Questions

Q: What delivery options are available for EC-Council CASE JAVA: Certified Application Security Engineer?

We offer multiple delivery formats:

- Live Instructor-Led Classroom Online (Virtual/Live Online)
- Traditional Instructor-Led Classroom Training (ILT)
- On-site delivery at your offices anywhere in United Kingdom
- Private dedicated courses customized for your team

Q: What certification does this course prepare me for?

The EC-Council CASE JAVA: Certified Application Security Engineer course helps prepare you for the Certified Application Security Engineer – Java (CASE) certification path.

Q: Which exam does this course prepare me for?

This course prepares you for the CASE-Java official exam. You can take this exam at any exam center across United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online wherever you are located.

Q: How many CPD hours does this course provide?

The 1-day EC-Council CASE JAVA: Certified Application Security Engineer course provides up to 2.4 CPD hours of structured learning. CPD certificates can be provided upon request.

Q: What is the duration of the EC-Council CASE JAVA: Certified Application Security Engineer training?

The training takes place over 1 day(s), with each day lasting approximately 3.00 hours including breaks for lunch and refreshments.

Q: Do you provide corporate training for EC-Council CASE JAVA: Certified Application Security Engineer?

Yes, we provide corporate training, dedicated training, and closed classes for EC-Council CASE JAVA: Certified Application Security Engineer. Training can take place anywhere in United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online allowing teams from across United Kingdom or internationally to attend.

Q: What related terms do people search for?

Popular related searches include: EC-Council CASE JAVA: Certified Application Security Engineer, EC-Council, vILT, EC-Council CASE JAVA

Q: Why choose Nexus Human for EC-Council CASE JAVA: Certified Application Security Engineer?

Nexus Human is recognized as one of the leading training providers. Our trainers have won multiple awards including:

- Small Firms Best Trainer Award
- National Training Partner of the Year (Ireland) - Multiple Years
- Global Top 30 Instructor Awards (2012, 2019, 2021)
- Tech Excellence Award Nominations
- Learning Performance Institute (LPI) External Training Provider Sponsor 2024

Q: Are there any discount codes available?

Yes! Use discount code **PENPAL5** when booking your EC-Council CASE JAVA: Certified Application Security Engineer training. Please note that only one discount code can be used per booking and cannot be combined with other special offers.
