Course Overview

Did you know the demand for business analysts is projected to grow 10% by 2032, faster than the average for all occupations (U.S. Bureau of Labor Statistics)? This rising demand means more professionals are pursuing credentials like the ECBA™ to validate their skills. Yet, without proper exam preparation, many find the process overwhelming and struggle to demonstrate credibility. The Entry Certificate in Business Analysis (ECBA®) Certification Exam Prep course solves this challenge by providing the knowledge, practice, and confidence you need to succeed. Over three days, you'll learn key concepts from the BABOK® Guide, practice with exam questions, and engage in interactive exercises that reinforce real-world application. This course also satisfies the 21 hours of professional development training required to sit for the ECBA exam. This training reflects the latest IIBA updates (as of July 21, 2025), including revised exam content, updated practice questions, and a refreshed course outline aligned with the new version.
