Course Overview

This ISO 9001 Lead Auditor training course is designed to develop your expertise in auditing a quality management system (QMS) based on ISO 9001. You will learn how to interpret ISO 9001 requirements from an auditor’s perspective, evaluate conformity, and apply fundamental audit principles, techniques, and evidence-gathering methods. The course prepares you to lead an audit team, manage internal audits, and conduct full-cycle audits in accordance with ISO 19011 and ISO/IEC 17021-1. You’ll also explore best practices for planning and closing audits, identifying nonconformities, and reporting results. By the end, you’ll be equipped to conduct ISO 9001 audits as a certified lead auditor or contribute to audit programs as a skilled auditor.
