About This Course

Welcome to the PRINCE2®: Foundation 7th Edition course. Whether you are a seasoned Project Manager, have only a few years of project management experience, or are just beginning your career, this course can be a great help for you. Demonstrating best practices in project management both on the job and through professional certification is crucial for competing in today's fast-paced and highly technical workplace. In this course, you will apply the generally recognized practices of project management acknowledged by PRINCE2®. This course will also serve to prepare you for the PRINCE2® Foundation examination. As a PRINCE2® Accredited Training Organization of PeopleCert, all students attending this training will be provided with the exam voucher as a part of delivery.

Who Should Attend

This course is designed for those seeking to achieve the PRINCE2® Foundation certificate,which is an important and valuable qualification,demonstrating increasingly higher levels of competence. This level aims to measure whether a candidate could act as an informed member of a project management team on a project using the PRINCE2® method,within an environment supporting PRINCE2®. To this end they need to show they understand the principles and terminology of the method. It is also the starting point of providing a higher-level qualification.This course is governed by the PRINCE2® Examination Syllabus,which details the topics which must be covered by courses accredited to provide training and prepare candidates for the examinations in PRINCE2®.You may well be very concerned about the examination(s),but you will get some practice before the real thing.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

To help you understand PRINCE2® in respect of its: Principles, processes, themes, techniques, and roles for successful project management. Management products that are input and output of the processes. So that you may: Attempt the PRINCE2® Foundation exam with confidence. Begin to apply the method, tailoring it to your project's needs.
