Prisma Access SSE: Configuration and Deployment

Category: Networking & Security | **Vendor:** Palo Alto Networks

Duration: 32.00 hours (4 days) **26.0 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

The Prisma Access SSE: Configuration and Deployment course introduces you to the operational deployment of Prisma Access Secure Access Service Edge (SASE) and how it helps organizations embrace the needs of the modern workforce by providing network connectivity and network security services from the cloud.
This course will enable you to deploy, configure, maintain, and troubleshoot Prisma Access using Strata Cloud Manager. The course is intended for professionals in cybersecurity and public-cloud security, as well as general network-security professionals who want to learn how to secure remote networks and mobile users.

The Prisma Access SSE: Configuration and Deployment course follows a similar architecture to the (EDU-318) Prisma Access SASE Security: Design and Operation course, but focuses on deployment and configuration through Strata Cloud Manager rather than Panorama. Additionally, this course includes modules covering Explicit Proxy, Prisma Access Browser (lecture-only module), and ADEM (with hands-on lab).

About This Course

Course Modules

- 1 - Prisma SASE
- 2 - Prisma Access Architecture
- 3 - Strata Cloud Manager
- 4 - Licensing and Activation
- 5 - Service Connections
- 6 - Remote Networks
- 7 - Mobile Users
- 8 - Prisma Access Explicit Proxy
- 9 - ZTNA Connector
- 10 - Prisma Access Browser
- 11 - Autonomous Digital Experience Management (ADEM)

Who Should Attend

This course is intended for Security Engineers, Security Administrators, Security Operations Specialists, Security Analysts, and Network Engineers.

Prerequisites & Entry Requirements

General Prerequisites:

Participants should have a basic knowledge of cloud computing and the public cloud and experience with networking concepts, including routing, switching, and IP addressing.

In addition, participants should complete the following pre-requisites to be optimally prepared for the course:

- Prisma Access (Strata Cloud Manager) digital learning paths
- (Recommended) Firewall Essentials: Configuration and Management (EDU-210) or equivalent experience.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

Successful completion of this four-day, instructor-led course will help enhance your understanding of how to better protect your applications, remote networks, and mobile users using a SASE implementation.
In a lab environment, you will get hands-on experience configuring, managing, and troubleshooting Prisma Access via Strata Cloud Manager.

Detailed Course Outline

Module 1: Prisma SASE | Module 2: Prisma Access Architecture | Module 3: Strata Cloud Manager | Module 4: Licensing and Activation | Module 5: Service Connections | Module 6: Remote Networks | Module 7: Mobile Users | Module 8: Prisma Access Explicit Proxy | Module 9: ZTNA Connector | Module 10: Prisma Access Browser | Module 11: Autonomous Digital Experience Management (ADEM)

Skills You Will Learn:

Successful completion of this four-day, instructor-led course will help enhance your understanding of how to better protect your applications, remote networks, and mobile users using a SASE implementation.
In a lab environment, you will get hands-on experience configuring, managing, and troubleshooting Prisma Access via Strata Cloud Manager.

Frequently Asked Questions

Q: What delivery options are available for Prisma Access SSE: Configuration and Deployment?

We offer multiple delivery formats:

- Live Instructor-Led Classroom Online (Virtual/Live Online)
- Traditional Instructor-Led Classroom Training (ILT)
- On-site delivery at your offices anywhere in United Kingdom
- Private dedicated courses customized for your team

Q: How many CPD hours does this course provide?

The 4-day Prisma Access SSE: Configuration and Deployment course provides up to 26.0 CPD hours of structured learning. CPD certificates can be provided upon request.

Q: What is the duration of the Prisma Access SSE: Configuration and Deployment training?

The training takes place over 4 day(s), with each day lasting approximately 32.00 hours including breaks for lunch and refreshments.

Q: Do you provide corporate training for Prisma Access SSE: Configuration and Deployment?

Yes, we provide corporate training, dedicated training, and closed classes for Prisma Access SSE: Configuration and Deployment. Training can take place anywhere in United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online allowing teams from across United Kingdom or internationally to attend.

Q: What related terms do people search for?

Popular related searches include: Prisma Access SSE: Configuration and Deployment, Palo Alto Networks, PASSECD

Q: Why choose Nexus Human for Prisma Access SSE: Configuration and Deployment?

Nexus Human is recognized as one of the leading training providers. Our trainers have won multiple awards including:

- Small Firms Best Trainer Award
- National Training Partner of the Year (Ireland) - Multiple Years
- Global Top 30 Instructor Awards (2012, 2019, 2021)
- Tech Excellence Award Nominations
- Learning Performance Institute (LPI) External Training Provider Sponsor 2024

Q: Are there any discount codes available?

Yes! Use discount code **PENPAL5** when booking your Prisma Access SSE: Configuration and Deployment training. Please note that only one discount code can be used per booking and cannot be combined with other special offers.
