Project - Part 2

Category: Modern Workplace & M365 | **Vendor:** Microsoft Apps

Duration: 8.00 hours (1 days) **6.5 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

How do you keep your project on track once the plan is approved? This course teaches you to manage and adjust Microsoft Project plans during the execution, monitoring, and controlling phases. With 70% of projects failing to meet scope, schedule, or cost goals, the ability to revise timelines, update task progress, and produce real-time reports is essential. You'll gain the practical skills needed to navigate changes, reuse planning assets, and coordinate across multiple projects.

About This Course

How do you keep your project on track once the plan is approved? This course teaches you to manage and adjust Microsoft Project plans during the execution, monitoring, and controlling phases. With 70% of projects failing to meet scope, schedule, or cost goals, the ability to revise timelines, update task progress, and produce real-time reports is essential. You'll gain the practical skills needed to navigate changes, reuse planning assets, and coordinate across multiple projects.
